

90cm Electric Giant Oven

BUILT-IN OVEN

PRODUCT CODE: **EO9060EMBK**

eurocooking

FEATURES:

- + 9 multi-functions
- + 109L Gross / 100L net useable volume
- + Digital function selector
- + Black finish
- + Extra large volume capacity
- + Fan-forced multifunction cooking
- + Telescopic runner
- + Air fry function
- + Steam clean function
- + Triple glazed removable door
- + Cavity cooling system
- + Made in Europe

Warranty

MADE IN EUROPE

9 MULTI-FUNCTIONS:

CONVENTIONAL

This method of cooking provides traditional cooking with heat from the top and lower elements. Particularly suitable for traditional roasting and baking on the centre shelf only.

TOP ELEMENT

Half grilling allows you to toast / brown all your favourite recipes in a smaller area.

THERMOWAVE FAN ASSISTED

This is the position where the heat is coming from the lower and upper heating elements and the heat is circulated into the oven by the fan motor and blades.

OVEN LIGHT

The oven light will automatically turn on once any function is selected, helps to monitor the progress of your cooking.

FAN FORCED COOKING

For the ultimate roast or perfect batch of pastries. The element surrounding the fan delivers even heat for even cooking results, approx. 160°C - 180°C is recommended.

FAN GRILL

This Combination is exceptional for cooking meats such as poultry, game and roasts, making them crispy on the outside and tender in the middle.

STEAM CLEANING

This function enables efficient cleaning due to the steam softening the soils.

DEFROST FAN

In defrost mode, no heating elements are used. Only the fan is activated to circulate air inside the oven for defrosting and not cooking the food.

FULL GRILL

This function is perfect for fish, chicken Fillets or meat Cutlets.

AIR FRY

This function allows for healthier, oil-free versions of your favourite foods. Cook meals effortlessly with rapid air circulation technology, ensuring even cooking every time.
